

1. K-LOVE serves me and my family with 3 boys. As a resident of the Findlay, Ohio community, I rely heavily on the positive words and music that K-love provides to me and my family. My kids finally have a chance to hear great music.
2. The effect on the Findlay, Ohio if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be devastating beyond comprehension. Please don't allow this to happen.
3. This would be a serious blow to this country if you allow this to happen. K-Love is listened to by 100's of thousands of people every day.
